Summary

I am a **Java/Spring Boot/Angular** full stack developer with 10+ years of experience in **microservices architecture, REST API** development, and **cloud-native deployments**. Currently serving as Assistant Vice President at Deutsche Bank, I have delivered **configurable dashboards** and reporting tools, built on a **'write once, use anywhere'** model. I excel at solving complex problems, collaborating across teams, and delivering **scalable, secure,** and **maintainable** solutions on time.

Skills

Backend	**Java**, **Spring Boot**, **REST APIs**, Hibernate, Microservices
Frontend	**Angular**, HTML, CSS, TypeScript, RxJS, NGRX
DevOps & Deployment	**Jenkins**, **OpenShift**, Helm, Docker, Kubernetes, CI/CD pipelines
Testing & Quality	JUnit, Mockito, Jest, WebDriverIO, Protractor, Sealights, SonarQube
Version Control	Git, GitHub, Bitbucket
Monitoring & Logging	Splunk

Work Experience

Assistant Vice President, Deutsche Bank, Pune   Mar 2020 – Present

– Joined as Associate in Mar 2020 and **promoted** to Assistant Vice President in Mar 2024, recognizing **strong technical contributions** and **leadership**
– Led **end-to-end development** using Angular + Spring Boot, handling full deployment life-cycle
– Built configurable dashboards and reporting tools for seamless reuse across teams.
– Managed OpenShift migration from OCP3 to OCP4, improving infrastructure and deployment efficiency
– Designed and implemented a **disaster recovery strategy**, enhancing system resilience
– Partnered with cross-functional teams to deliver features aligned with business SLAs

Consultant, Deloitte Consulting USI, Mumbai   Dec 2016 - Mar 2020

– Progressed from Business Technology Analyst to Consultant, driven by consistent delivery and ownership of key client deliverables
– Modernized legacy systems, including the insurance payment gateway, ensuring **PCI-DSS compliance**. Improved **user experience** for the Agent Portal
– Represented Deloitte twice in Code Gladiators, a **Guinness World Record**–recognized coding event

Associate Software Engineer, Pragmatix Services Pvt. Ltd., Mumbai   Jan 2015 - Dec 2016

– Started as an intern and quickly progressed to building tools like **Smart Search, Download Automation,** and **reporting dashboards**
– Helped design and optimize **Rule Engines** for **NPA/EWS** detection, aiding faster credit risk analysis

Education

2012 - 2015   **MCA** at **Veermata Jijabai Technical Institute (VJTI), Mumbai**
